Children's competition to design their own aircraft livery

'Colours in flight' competition details:

## Have you ever wanted to see your own colours fly?

MAAS Aviation's exciting 'Colours in flight' competition is giving you the chance to design your own aircraft livery, which will be brought to life by our talented team! One lucky young artist has the chance of winning an Airbus A320 model, painted in their own spectacular colours.

To enter the competition, simply print the aircraft template pdf, and let your creativity take flight. Once you're finished creating your MAASterpiece, scan or take a photo of your design and email it to us at [communications@maasaviation.com](mailto:communications@maasaviation.com). The deadline for submissions is November 30th 2021, after which our judges will sort through all the entrants and decide upon a winner. The competition is open to all children aged 15 and under.

The winning entry will be bold, colourful, and unique. We're looking for the wow factor – something beautiful to soar across the sky. There are no limitations to what you can create. If you can imagine it, we can paint it.

**Take to the skies and let your colours fly!**
